

PROJECTS SEARCH INSTRUCTIONS

This document serves as a guide to search or browse IOM Migration and Health Projects found in the Migration Health Research portal (<http://migrationhealthresearch.iom.int/>).

The 'Projects' page contains IOM migration and health projects from 2006 to present obtained from IOM's projects databases.

There are three ways to search or browse projects: (1) using the available filters; (2) using the heat map; and, (3) using the search tool provided in the upper section of each page.

PROJECTS PORTAL

Page link: <http://migrationhealthresearch.iom.int/projects-search>

The projects portal shows a heat map of the projects covered with a legend (displayed in color gradient) and the total number of projects available. You may generate an excel file of all projects by clicking on the export to excel tool **XLS** or browse specific projects.

4. DEFINITIONS OF THE FILTERS

Note that the filters may expand in the future.

4.1 Project type

This refers to IOM's main health programmes:

- Migration health assessments and travel health assistance – projects related to health assessments carried out by IOM for various migrants
- Health promotion and assistance for migrants – projects related to migrant-inclusive health policies, technical assistance, and capacity of governments and partners to provide migrant-friendly services.
- Migration health assistance for crisis-affected populations – projects related to IOM's humanitarian response.

4.2 Region/ country (coverage)

This refers to the region or countries where the project is implemented.

4.3 Region/ country (manager)

This refers to the region or country where the project is managed.

4.4 Start data

This refers to the year the project started or implemented.

5. RESULTS PAGE

The results page is the page that is displayed after a search.

5.1 The results page will display the number of projects and the actual projects at the bottom of the heatmap.

5.2 A sample of the results page is shown below.

6. GENERATE RESULTS LIST

The export to excel tool **XLS** will generate the list of projects in excel format.

6.1 Click on the **XLS** to generate the list.

6.2 Wait until the excel file is generated. Open the excel file or save in your computer. The list contains the topic, title, region/country coverage, region/country manager, project type, and start year.
