

## PUBLICATIONS SEARCH INSTRUCTIONS

This document serves as a guide to search or browse IOM Migration and Health Publications found in the Migration Health Research portal (<http://migrationhealthresearch.iom.int/>).

*The 'Publications' page contains IOM migration and health publications from 2006 to present where IOM was a primary contributor.*

There are three ways to search or browse publications: (1) using the available filters; (2) using the heat map; and, (3) using the search tool provided in the upper section of each page.

## PUBLICATIONS PAGE

Page link: <http://migrationhealthresearch.iom.int/publications-search>

The publications page shows a heat map of the publications covered with a legend (displayed in color gradient) and the total number of publications available. You may generate an excel file of all publications by clicking on the export excel tool **XLS** or browse specific publications.

### 1. USING THE AVAILABLE FILTERS

Filters are available on the left-hand side of the page. Filter headers include topic, region/ country (by coverage), year published, language, publication type, and author. The number of publications is displayed beside the filter subheaders from highest to lowest number. To see the definitions of the filters, go to item 4.

1.1 Identify the coverage of the publications you wish to search, then select the applicable filter. To view the full selection of filters, scroll down the screen or click 'show more'.

The screenshot displays the 'Publications Search' interface. On the left, there is a sidebar with filters. At the top is a 'Search Publications' box with an 'Apply' button. Below it are three filter sections: 'Filter by topic:', 'Filter by region/country (by coverage):', and 'Filter by year published:'. The 'Filter by region/country' section is highlighted with a red box and lists various regions with their respective publication counts. To the right of the filters is a world map titled 'Publications Search' showing the geographical distribution of publications. A legend at the bottom right of the map indicates the 'Coverage of Publications' with a color scale from 1 to 60. Below the map, it states 'Found 467 Publication/s'.

**Filter by topic:**
